

Water Conservation Tip

Install water-saving attachments on all of your faucets.

you will not feel a difference in the amount of flowing water, yet you will reduce the amount of actual consumed water by up 35 percent !

Water Conservation Tip

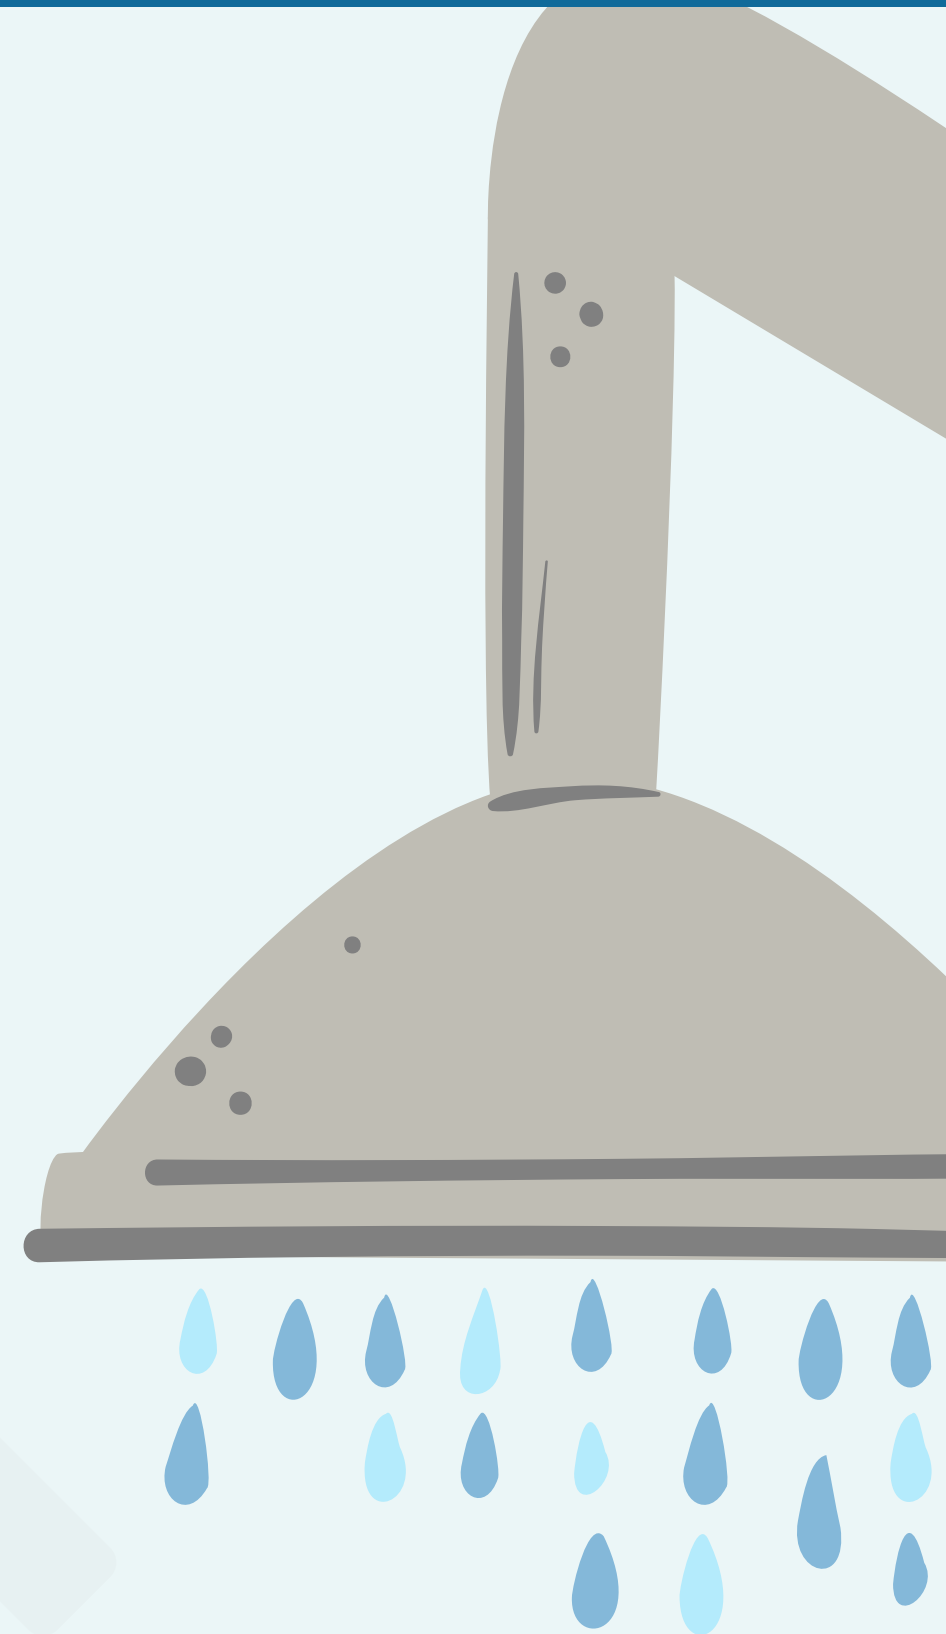

Run your washer and
dishwasher only
when they are full.

Water Conservation Tip

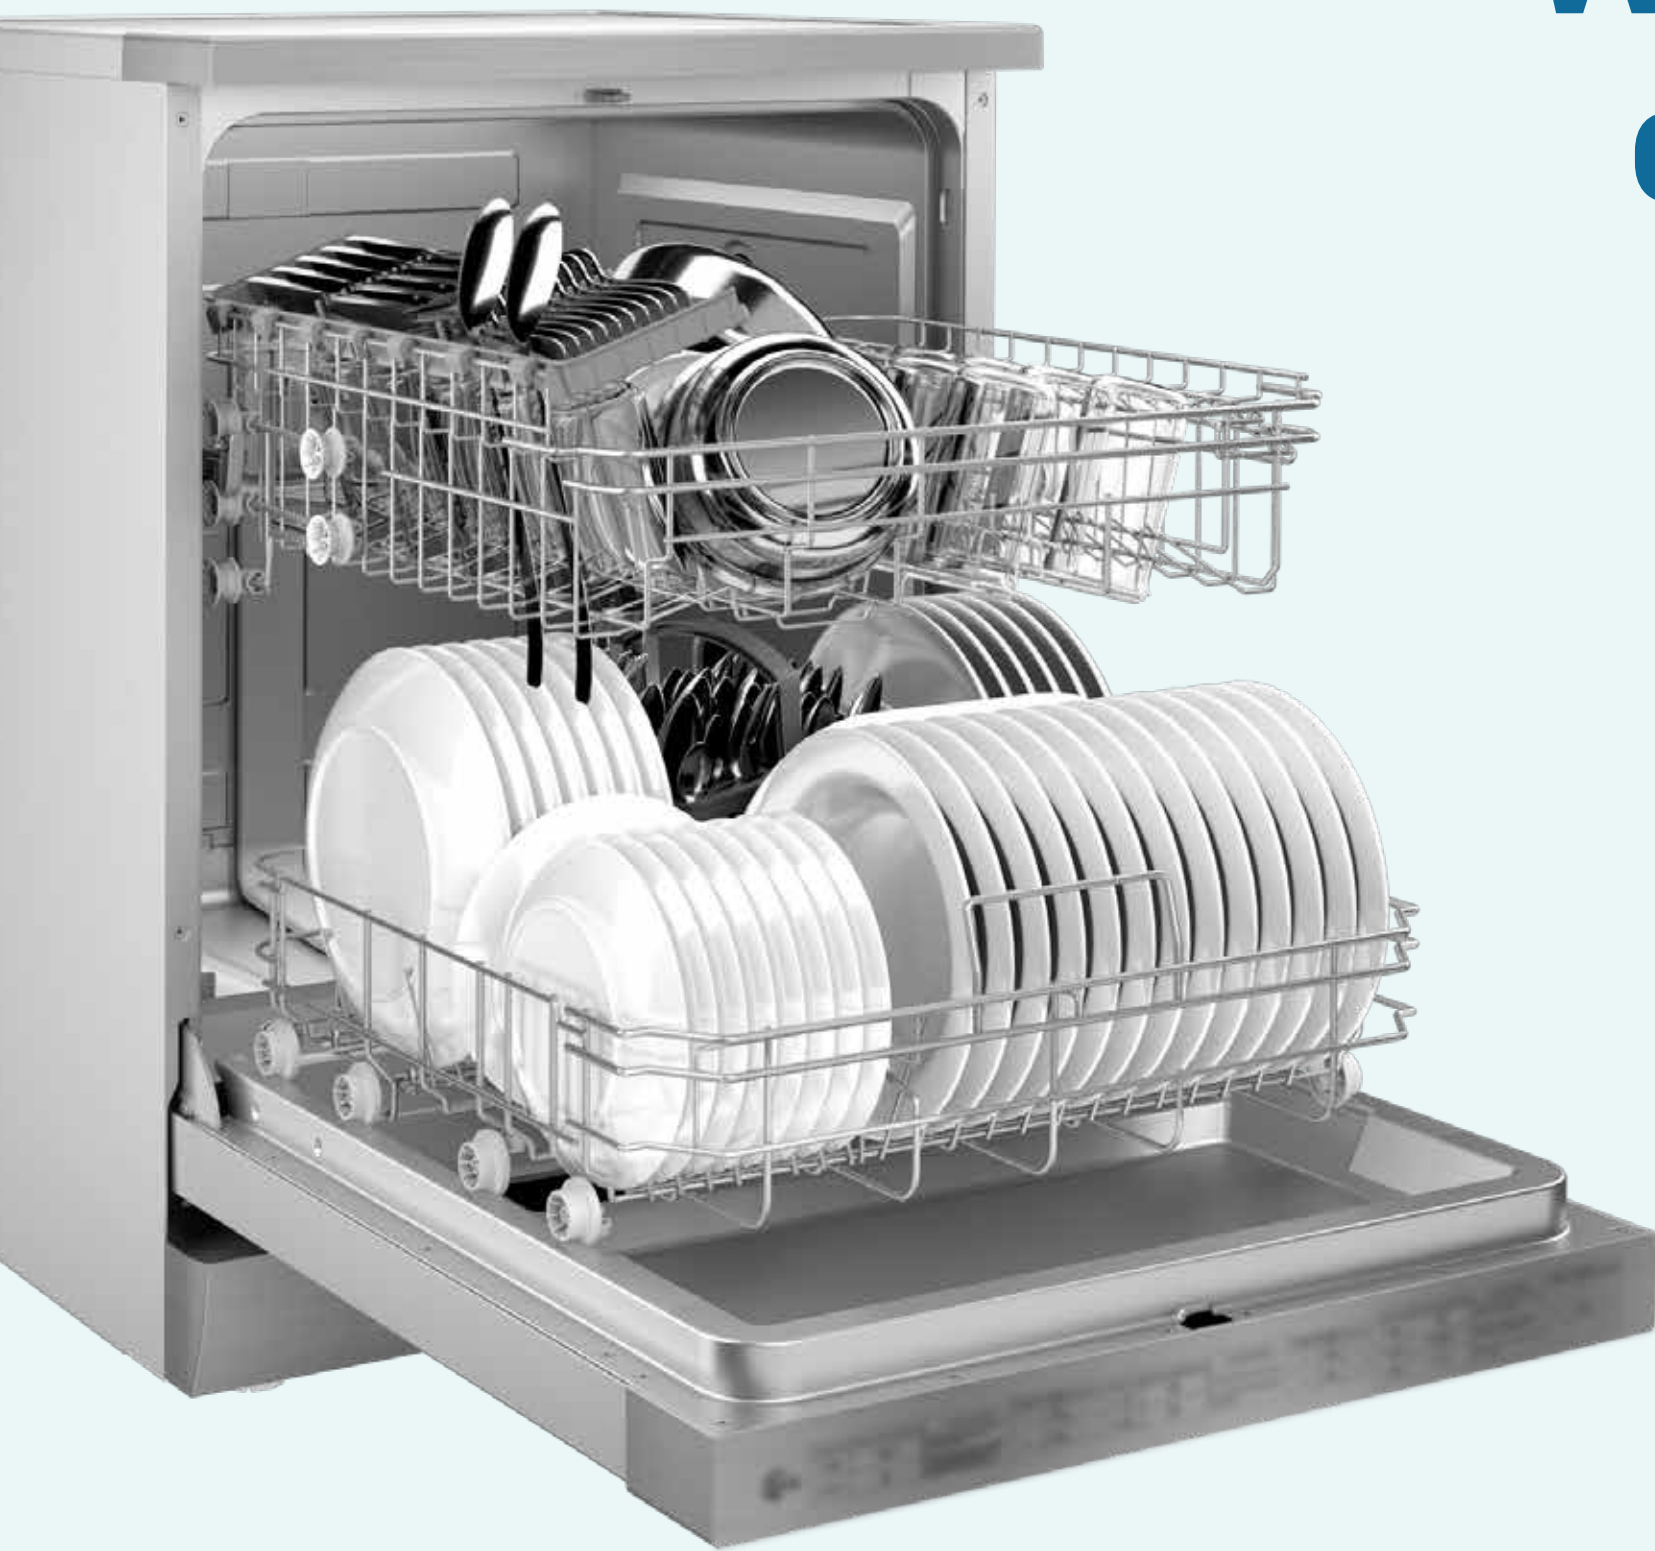

Shorten your shower

by a minute or two and you'll save over 500 liters per month – that's half - a small water tank !
