

Water Conservation Tip

Next time you add or replace a
flower or shrub,
**choose a
low-water-use plant.**

Water Conservation Tip

Rather than using a water hose to **wash your car**, wasting up to 350 liters in 10 minutes, use **three large buckets** of water and do it with less than 30 liters!

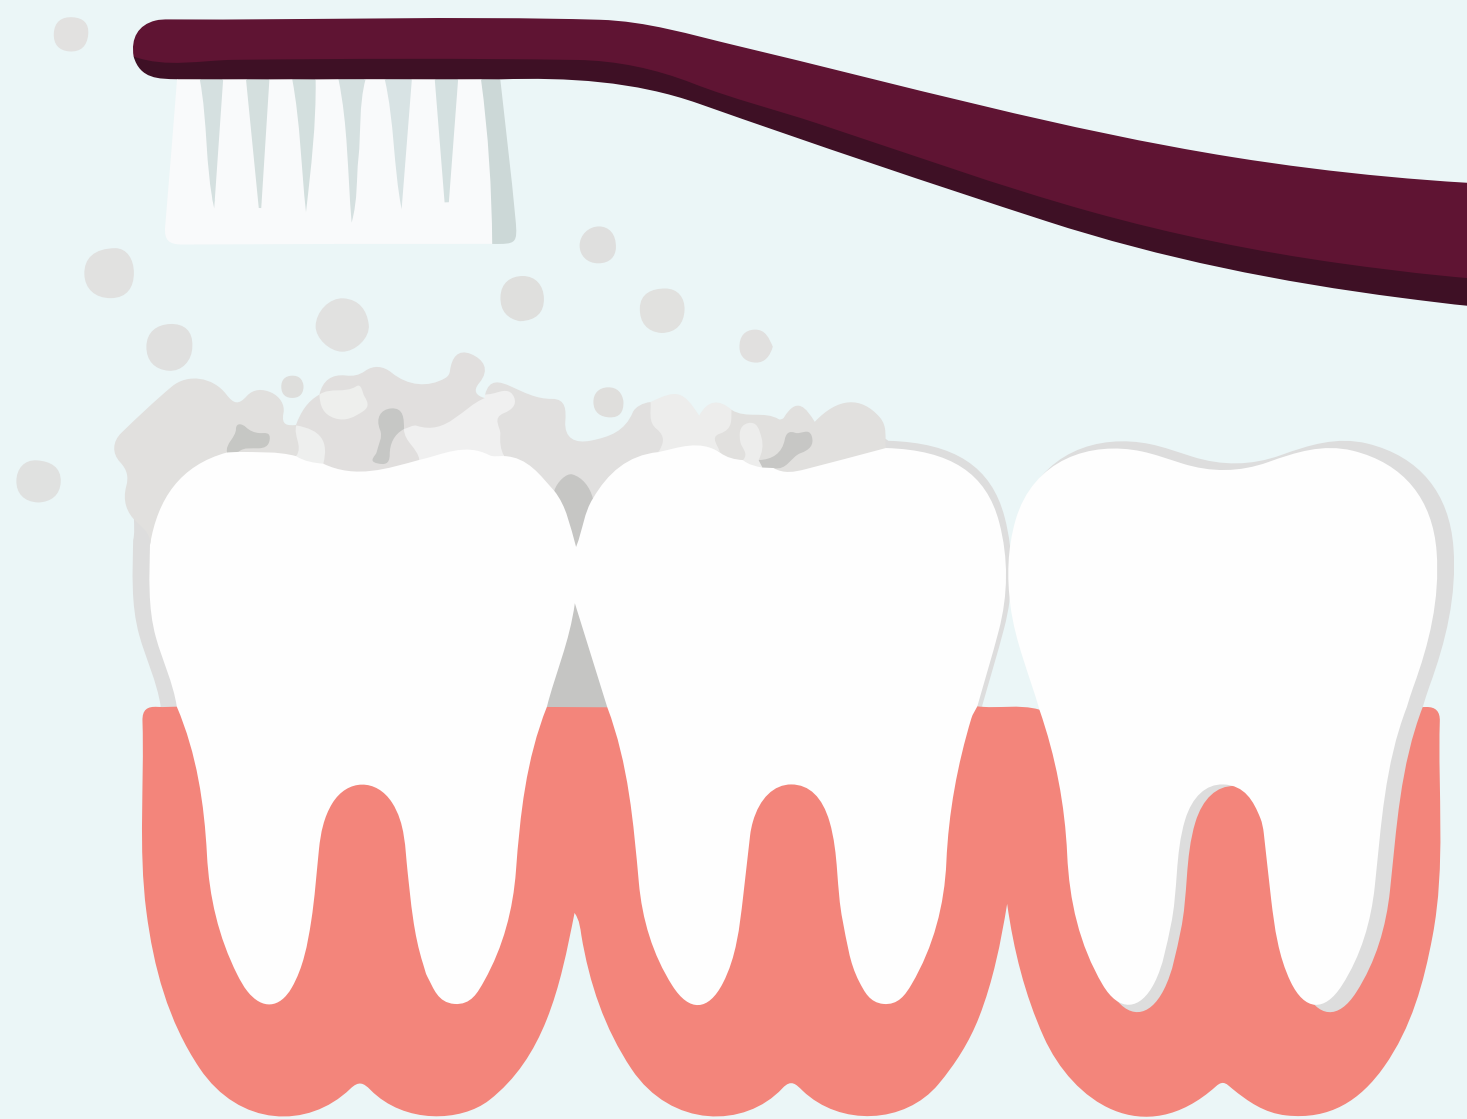

Water Conservation Tip

Apply mulch around shrubs and flower beds to reduce evaporation.

Water Conservation Tip

Turn off the water while you **brush your teeth** and save up to 15 liters a minute !

Water Conservation Tip

Turn off the tap

while you scrub the dishes in batches. Don't let the water run !
